# MACSTEEL SERVICE CENTRES SA (Pty) Ltd

### Tebogo Raaleka - National Product Specialist (Structural)

#### About Me:

I am a husband and dad, a hiking fanatic and I have a Passion for Engineering. I have the following qualifications : BSc Eng (Civil Engineering) Wits, GDE (Industrial Engineering) Wits, MDP (Stellenbosch University) and Master of Business Administration (MBA) - Wits Business School.

#### Company Description:

National Product Specialist for Structural Steel Products used predominately in the building and construction sectors. Products include: structural steel beams, columns, channels, cellular beams, castellated beams, plate girders cold-formed sections, roofing and cladding, etc. Macsteel offers a wide range of steel products for all industries.

#### Why did you join L2B?

To extract accurate information on upcoming and ongoing projects. To get project-related information such as: project teams, project status, products required, project value and more.

#### What do you enjoy most about L2B?

The fact that we get to see who is pricing on what and the information gets emailed through to us early enough.

#### How do you use L2B for your Business:

Project data sourcing, tender leads, extraction of BOQs etc.

#### Recent Awards/Projects:

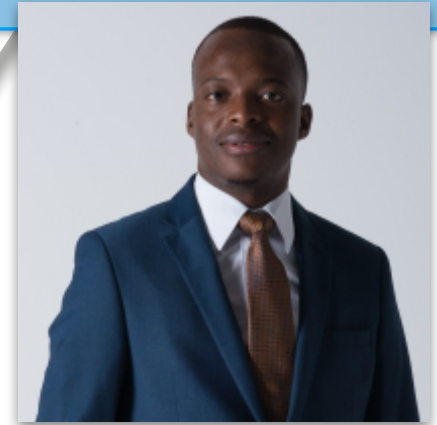

Too many to mention on an individual basis.

#### Favourite part of being involved in the Construction Industry?

No two projects are ever the same. Each has its own challenges and specific and unique solutions.

#### Are you afraid of heights?

Steel is a product of choice for high-rise structures such as multi-storey buildings and mining headgears; and for that reason we cannot be afraid of heights. Heights actually excite us.
