KgT Enterprises

Karuna Govender - CEO/Member

About Me:

I started in the security industry with Siemens in 1988 and grew with the security division. After a successful career I needed a new challenge, so in 2001, I started KgT Enterprises.

Company Description :

KgT Enterprises is a security system integrator that specialises in access control, CCTV surveillance, fire alarms, public address systems & evacuation, nurse call assistance and ICT infrastructure. We have successfully implemented projects in a variety of industries throughout Southern Africa.

Why did you join L2B?

After exploring different marketing strategies and similar services, we tried L2B. Within a very short time we found that the accuracy and speed of response offered by L2B made them our first stop for information and opportunities.

How you use L2B for your business?

We primarily use L2B to source new opportunities and to find contact information for potential clients.

What accomplishments are you most proud of?

Growing my own company from a one-man-show into a successful small business with 16 staff through some very difficult times

Favourite thing about working in the Security Industry?

Each project has its own set of challenges, so the work is never boring.

Life Philosophy:

There are no secrets to success. It is the result of preparation, hard work and learning from failure - Colin Powell
