Cathtect Cathodic Protection (Pty) Ltd

Busi Mdluli Business Development Executive

About Me:

I am a young, serial entrepreneur with 9 years' experience in Business. I am passionate about business development. I love travelling, meeting new people and learning from strong-minded people.

Company Description :

The Cathtect Group's focus area is providing turnkey solutions in the Cathodic Protection industry, such as manufacturing, supply, installation and maintenance. The Cathtect Group has the experience and knowledge to offer the best in Cathodic Protection and AC Mitigation Solutions. We supply and distribute locally, as well as internationally.

Why did you join L2B?

When we joined L2B we required more accurate market intelligence and L2B offer market information with client contacts, enabling our business to engage with client. Our most liked feature is the dashboard where we keep track of live tenders, projects and directory of client contacts.

How do you use L2B for your business?

We use L2B in the following ways : Utilising the dashboard by monitoring live tenders and projects, keeping records of the professional directory and gaining access to documents such as Bill of Quantities and Site Attendance Registers.

Accomplishments you are most proud of?

We are most proud of the inclusion of women and youth ownership in our company in a niche market and our growing order book.

Favourite thing about the Construction Industry?

My favourite thing is meeting people and developing meaningful business relationships.

Something Lighthearted about You?

I am not afraid of heights, until I have to bungee jump!
