EPCM Bonisana (Pty) Ltd

Ebrahim Patel - Director

About Me :

I am lucky to be married to the most amazing woman and have a 9 year old son. When I'm not working, I enjoy golfing and have recently taken up Cross-fit.

Company Description :

EPCM is a global engineering project house specialising in the oil & gas industry. We are a diverse engineering, procurement, construction (EPC), manufacturing and maintenance turnkey service provider to numerous well-renowned government and private-sector clients.

EPCM operates under the following ISO accreditations: ISO 9001 : 2015 | ISO 14001 : 2015 | ISO 45001 : 2018 | ISO 3834.

When & Why did you join L2B?

EPCM joined L2B in 2018 in order to gain access and stay up-to-date with numerous bids in southern Africa. We also liked the conciseness of how the information is packaged on their portal.

How do you make use of L2B?

We use the L2B portal primarily for new tender opportunities. We have also use it for tracking key projects and networking opportunities.

Recent Awards/Projects?

EPCM was appointed to conduct the EPC of the upgrade of the pipeline, pump stations and an additional new API 650 fuel storage facility of 32,000 m³ (Vanduzi Tank Farm) for future fuel throughput expansions. The storage facility includes 4 tanks with diameter > 19m (2 x 21m, 2 x 27m). EPCM received the award to conduct the EPC for the pump stations upgrade and the new tank farm.

Services offered : Concept Engineering studies, Feasibility Studies, Routing reviews and assessments, Front-End Engineering Design, EPC and O&M contracts compilation, Construction of new tank farm and upgrade of pump stations.

Favourite thing about the Construction Industry?

I enjoy the construction industry knowing that the projects we are implementing are making a positive difference to the economy and the lives of people in these economies.
