SIGNS R US

About our Company :

Signs R Us (Pty) Ltd. is a Level 2 BBBEE (51% black owned, 125% contribution) company situated in Mogale City, Gauteng. We own and operate a signage manufacturing plant that service the Construction, Mining infrastructure and Commercial signage industries. We specialise in ROAD SIGNS – Temporary and Permanent (all materials SABs approved) Guidance - & Direction Panels and Gantry signs, Contractors & Construction Boards, Poles (Steel, Galvanised, D Section, CCA Treated Wooden), Safety Symbolic ABS signs, Cromadeck, Digital printing. All signs are manufactured and installed to SA Road Traffic Sign Manufacturers Association (SARTSMA) and COLTO specifications. We are able to manufacture to client- and Engineer tailored specifications. We own our own trucks and deliver & install to sites nationally

Job Description :

Our job as Road Sign manufacturers is to continuously ensure that the signs we manufacture meet & exceed the Consulting Engineer's standards for each Construction project. We also assist Resident Engineers on site with applying the most suitable specifications for each project's unique situation. In this way we assist the country in providing world class road furniture on SA roads

When and Why you joined L2B?

We have always been involved with Leads 2 Business throughout our careers in Road Sign manufacturing, can't do without it!

What do you use L2B for?

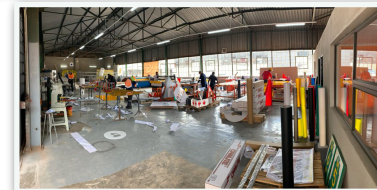

Leads to Business keeps us up to date with tenders and contracts being awarded to our clients i.e. Construction companies, Routine Road Maintenance Companies as well as tenders we want to participate in ourselves directly

Any recent projects or awards?

We are proud to be working with the Construction companies that are involved with the revitalisation of the Infrastructure sector, post-covid. We are also thankful to the Toll Concessionaires who have placed their support and trust behind the Signs R Us brand over the last 12 months

Favourite thing about working in the construction industry?

The Infrastructure industry is one of the target industries to ensure that South Africa gets back on its feet, this makes it exciting and challenging to be a part of it.
