

**FEATURED COMPANY
SUBSCRIBER**

SME Hvac

Zama Sangweni- Client Liaison Officer

About Me :

I am self-motivated, hardworking and generally a fun person.

Company Description :

I work for SME HVAC, and we specialise in Commercial, Industrial and Mobile air-conditioning and refrigeration. We are backed by an engineering background and we pride ourselves in the specialized work we do.

When did you join L2B & Why?

We joined L2B beginning of this year. The reason for joining was because for the past 3 years I was looking for one place where I can find out about tenders and projects. My favourite feature on L2B is the save searches which make searching very easy.

How do you make use of L2B?

We use L2B to find upcoming projects and Tenders in KZN, Mozambique and Cape Town areas.

Favourite thing about the Construction Industry:

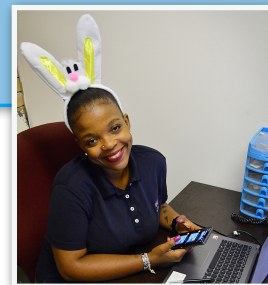

I am proud of being able to have survived this long in a male dominated industry and not to have given up.

Favourite Quote?

They say 'fake it until you make it' but for me it has been a way of training my brain to see my success so that when obstacles come I don't deter from my goal but keep motivated by the reality that I have created in your head and that makes anyone unstoppable.... That is what I believe in.

And to Finish :

I may wear a hardhat and boots sometimes, but somewhere in there is a girly girl, and I also believe in fairies, unicorns and mermaids.

Contact Details :

Telephone :

035 751 2247

Cell :

064 759 7395

Email :

zama@specmechrb.co.za

Websites:

www.smeaircon.co.za

www.specmech.co.za
