

FEATURED COMPANY SUBSCRIBER

Shisalanga Construction (Pty) Ltd

Products & Services we offer:

Asphalt Manufacture, Asphalt Paving, Hydrocutting, Cold mix Manufacture
Patching Trailer, Surface Seals

Industries where our Products are used:

Infrastructure, Industrial Road Construction.

Benefits of our Products:

Eco Asphalt (Recycled Plastic) - By blending recycled plastic into the asphalt binder we created a versatile eco-friendly asphalt mix.

Eco Asphalt is our recycled plastic solution.

Recycled Asphalt (RA) - Endless possibilities abound when one dares to venture beyond what is imaginable. Recycled Asphalt (RA) reuses uplifted asphalt into the mixing process once again.

Our extensive black-top product range includes High Modulus Asphalt, Warm Mix Asphalt, Recycled Asphalt, Eco Asphalt, Steel Flow and Steel Slag.

List of Recent Projects:

Upgrade to National Route 3, Section 2, from Cato Ridge (Km 20,2) to Dardanelles (Km 26,6).

Upgrade of National Route 3, Section 2 from Dardanelles (Km 26.6) to Lynnfield Park Interchange (Km 30.6).
