

SHEILA DAVIES

FINANCE MANAGER

How long have you been with L2B and what do you do here? Started at L2B in July 2020 as the Financial Manager.

Give us insight into your day to day? Capturing and maintaining all financial records, preparing reports on various areas of the business, analysing the records and reporting thereon, dealing with the day to day financial needs and requests of the company

What do you enjoy most about your job/L2B? I really enjoy working with numbers and figures and seeing how they all come together at the end of any particular period. Once all the reports are done, it's possible to tell exactly where the company is and foresee future issues or accomplishments before they actually happen. This also comes with problem solving and daily challenges which I really enjoy unravelling. With regards to working for L2B, the company provides the freedom and trust to be able to work independently in order to produce the highest quality of work which is what any accountant could possibly ask for.

What is the best career lesson you've learned so far? Saying less and listening more – there is always something to be learnt from listening to others.

What is your biggest achievement to date – personal and/or professional? Personal achievement is my family, I am supported by my amazing husband, Gareth, who has always been my biggest fan, and my 11 year old daughter, Alexis, who is growing up to be a beautiful, kind hearted individual with an amazingly positive outlook on life. Professionally it would have to be moving out of an accounting firm and landing a role as a manager at a prominent company. Keeping a healthy balance between work and family, giving 100% to both, is extremely important to me.

Highlights from your time at L2B so far? L2B has an incredible leader and staff compliment. There is always a laugh to be shared and a positive attitude to be found if you look around our office. Each day has its own highlights

Three words to best describe you: Jovial, Zoophilist, Disciplined
