Franke South Africa

About Franke South Africa

We offer high-quality solutions to fit every design concept bringing a distinguished offering of exclusive, up-to-date, and innovative products.

We at Franke South Africa are a competent partner; available and ready to connect you with the specialist in the field of expertise you require, listen to your concerns and ideas, and provide information & quick answers to ensure successful outcomes.

Franke is present regionally and extends globally ensuring multidisciplinary know-how and quick and thorough service anywhere.

Products

We deliver distinctive and innovative and reliable solutions for the kitchen, bathroom, and expanding beyond that help realise visions and ensure successful outcomes that excite.

Our Franke Home Solutions division provides solutions and systems that include sinks, sink mixers and kitchen accessories, while in our Water Solutions division we manufacture bathroom products as well as specialised products for commercial application.

Industries

At Franke we market to both the user and our B2B partners including the professional – marketing our products manufactured for use in residential as well as commercial and public application.

Where are your products used?

We offer a vast range of kitchen sinks and mixers that are used in residential homes from low-cost developments to luxury homes and professional kitchens.

Under Water Solutions, we manufacture residential and hotel bathroom taps and accessories, public washroom products, sanitaryware solutions, and a range of standard and custom-made Stainless-Steel products for application in the catering sector, in hospitals, high-security prisons, and mortuaries.

How does Franke make use of L2B?

We at Franke use L2B for project leads, to track the progress of projects and assist with our specifications at stages where a project requires so.
