Denso South Africa (Pty) Ltd

About Denso

Denso South Africa (Pty) Ltd specialise in the manufacture and supply of corrosion and chemical resistant coatings and linings for the long-term protection of steel and concrete, even in the toughest environments.

The company is at the forefront of innovative corrosion prevention technology, focused upon developing an extensive range of bespoke solutions to meet the specific needs of different industries. The full range of products are manufactured to comply with the strict quality standards of ISO 9001:2015 (quality management standard). The products are designed for longevity, with solutions that when applied correctly can offer up to 30 years of maintenance free service."

Denso™, Premier™, Protal™, Steelcoat™, SeaShield™, Archco™, Viscotaq™, Bore-Wrap™ and Premier Shrink Sleeve™ systems are supplied to the petrochemical, process, offshore, water, gas, telecoms, renewables, civil engineering and DIY industries internationally.

Products

Manufacture and supply of corrosion and chemical resistant coatings and linings for the long-term protection of steel and concrete

Industries

Pipelines, Oil and Gas, Water & Sanitation, Marine & Offshore, Structural Steel & Pipework, Storage Tanks, Roads, Bridges & Runways, Power & Utilities, Civil Engineering

Points of Differentiation

Over the last 90 years, Denso have been creating bespoke and off-the-shelf solutions that provide enduring protection against corrosion and chemical attack to buried and exposed pipes, valves, fittings, steelwork, marine structures, tanks and concrete bunded areas.

From sub-zero environments to extreme high temperatures, our range of products are capable of withstanding the toughest conditions, as well as proving to be cost-effective and maintenance free for several years.
