# Thekweni Reinforcing (Pty) Ltd

## About Thekweni Reinforcing

Thekweni Reinforcing Pty Ltd is a wholly-owned Black company, providing reinforcing products and services to the construction, civil and engineering markets. This includes the supply, cut, bend, delivery, and installation of steel reinforcing. The company enjoys a recognized industry track record of delivery of the highest quality products and services.

In addition to operating to international standards and having ISO 9001:2015 accreditation (ISOQAR), Thekweni Reinforcing (Pty) Ltd adds value to the training and development of formerly underprivileged people. By utilizing all of our resources and determining what is best for our company, the environment, communities, and our employees, we are committed to ongoing development and expansion as we work to create new jobs.

## Products & Services

Extensive range of products relating to reinforcing:

- Cutting & bending of rebar to engineers specifications for use in Buildings, Bridges and Road Works
- Welded Fabric Mesh, Welded Pile Cages
- Hard Drawn Wire, Brick Force
- Underlay Plastic, DPC Plastic
- Galvanized Hoop Iron, Cover Blocks
- Bracing Straps, Post Tension Slabs
- Bailing Wire, Galvanized Wire
- Butterfly Wall Ties
- Mechanical Couplers

## Benefits & Points of Differentiation

- We are one of the biggest suppliers of reinforcing steel in the KZN market.
- We provide a turnaround time of 3 days from date of order to delivery.
- We have 4 rebar yards in KZN and therefore have the flexibility to cater for all orders within a reasonable turnaround time.
- We have a fleet of trucks with mobile cranes so that there is flexibility to deliver on construction sites

## Recent Projects

- Durban High Court, One on Herrwood, Coastlands Umhlanga, Sibaya Casino
- Watercrest Mall, Galleria Shopping Centre, Nedbank Park Square, Gateway Hospital
