OUTsurance

About OUTsurance

Many South Africans regard OUTsurance as a direct short-term insurance company that does business by means of a call centre, and may not realise that OUTsurance also has a dedicated team of Business OUTsurance brokers. Our range of industry-specific covers include an Engineering Business Insurance solution that includes a set of business insurance products to include Contractors All Risk cover, machinery breakdown insurance, and cover for electronic equipment.

What makes OUTsurance unique?

At OUTsurance, we know that every business is unique. That's why we pride ourselves on designing a fully-customised business insurance solution, based on the individual needs and requirements of your specific business.

Products & Services

- Contractors All Risk
- Short Term Insurance
- Commercial insurance
- Vehicle Fleet Insurance
- Public Liability Cover

How do you use L2B?

The L2B online platform enables us to deliver quality business insurance solutions to clients. In addition, it provides commercial contractors with the opportunity to contact OUTsurance to assist them with their business insurance needs.
