Tiefenthaler Africa

About Tiefenthaler

Tiefenthaler is a specialist legal service provider dedicated to clients in the design-build, commodity extraction, and power generation markets across Africa, including the Middle East, Australia, Europe, and Asia.

Our flexible, adaptive, and collaborative style means that we bring value to our clients across many sectors and in multiple jurisdictions across the world.

Services offered:

We provide legal services primarily to clients in the design-build, commodity extraction, and power generation markets:

- Procurement Strategies and Tender Irregularities
- Contract Development
- Project Risk Management
- Claims Management
- Professional Negligence
- Adjudication
- Arbitration
- Litigation
- Industrial Labour Disputes

Industries you market to

In keeping our approach focused on selective industries, we have become true specialists in our chosen fields:

- Mining and Minerals
- Construction and Infrastructure
- Engineering
- Fabrication & Manufacturing
- Energy

Points of Differentiation:

Our services are rendered solely to clients in these industries which enables us to provide clients with a complete legal and project solution. Our capabilities in these sectors range from project conception through execution to dispute resolution.

Our strength is built on local capabilities and teams of lawyers who know local law, local business and local clients. Clients consistently express that working with us feels distinct. Why? It's because of our exceptional culture of collaboration, driven by passionate individuals who prioritize your success above all else.

Where do you have Branches?

We have offices in Johannesburg, Cape Town, Maputo & Kinshasa.
